Online Collaboration/Netiquette

You will primarily communicate with instructors and peers virtually through a variety of tools such as discussion forums, email, and web conferencing. The following guidelines will enable everyone in the course to participate and collaborate in a productive, safe environment.

- Be professional, courteous, and respectful as you would in a physical classroom.
- Online communication lacks the nonverbal cues that provide much of the meaning and nuances in face-to-face conversations. Choose your words carefully, phrase your sentences clearly, and stay on topic.
- It is expected that students may disagree with the research presented or the opinions of their fellow classmates. To disagree is fine but to disparage others' views is unacceptable. All comments should be kept civil and thoughtful. Remember that this course abides by university policies regarding disruptive behavior: <https://deanofstudents.arizona.edu/student-rightsresponsibilities/disruptive-behavior>
- Compose your messages and posts in a word processing tool, and check your spelling and grammar before submitting your post / email.

To avoid plagiarism, you must credit the source whenever you use the words or ideas of another. Academic dishonesty will not be tolerated under any circumstances. Students who plagiarize will receive a failing grade for the course and be referred to the Dean's Office. For more information, see the complete Student Code of Academic Integrity <http://deanofstudents.arizona.edu/codeofacademicintegrity>

To foster a positive learning environment, students and instructors have a shared responsibility. We want a safe, welcoming, and inclusive environment where all of us feel comfortable with each other and where we can challenge ourselves to succeed. To that end, our focus is on the tasks at hand and not on extraneous activities (e.g., texting, chatting, online shopping, etc.). This course also supports elective gender pronoun use and self-identification; rosters indicating such choices will be updated throughout the semester, upon student request. As the course includes some group work and discussion, it is vitally important for us to create an educational environment of inclusion and mutual respect.
